

eBeam®

whiteboard

Record notes and drawings from any whiteboard!

The pocket-sized eBeam System 3 is the world's smallest interactive whiteboard solution. Attached to any standard whiteboard, the eBeam system connects to your computer - so you can capture, save, project, print, beam or share your whiteboard notes and drawings with anyone, anywhere, in real-time. From the conference room to the classroom, the eBeam system 3 is the perfect solution for more effective meetings and increased teamwork!

- **What you see is what you get - in real-time**
- **Easy to install in minutes - simple USB connection**
- **Share your whiteboard over the Internet for free**
- **Portable and light weight - take it with you**
- **Uses standard dry erase markers**
- **Works with Windows and Mac OS**

Turn Your Whiteboard into a Digital Workspace!

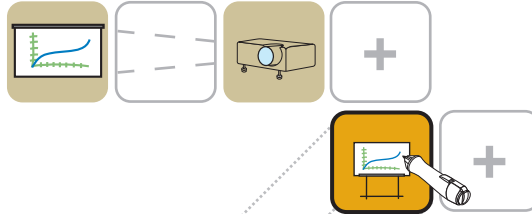

whiteboard

Projection Mode

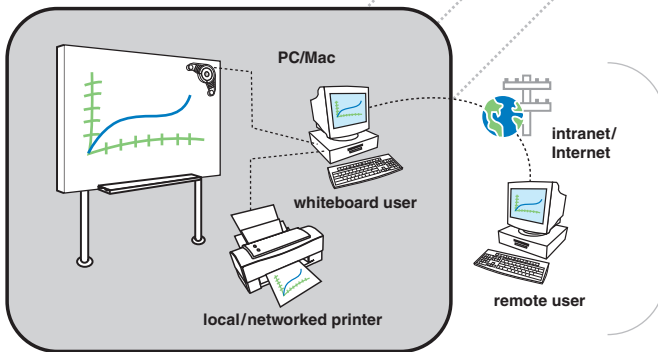

turns your whiteboard into a live computer application area, using the eBeam pen as a mouse.

Collaborate and Host

whiteboard sessions with remote users, brainstorm interactively over the local intranet or Internet and share your ideas in real-time.

System Configuration

Email, fax and print
your notes in color with the click of a mouse.

Playback Feature

allows you to "rewind" and replay all drawings on the board including erased items.

Copy and Paste

written notes into most popular office applications.

NetMeeting™ compatible — direct input into Microsoft's® NetMeeting whiteboard window.

Capture

your notes in color and save or send them in many different file formats: WBD, PowerPoint, PDF, JPEG, TIFF, HTML, EPS, and BMP

Here's how it works

The eBeam system is the revolutionary technology that turns any standard whiteboard into a digital workspace. Just attach the system to your whiteboard, connect it to your computer, insert standard dry erase markers into the electronic sleeves and launch the eBeam Software. You're ready to capture everything you write and draw on your whiteboard to your PC - where you can save, print, or share them over the Internet in real-time.

Product Information

- The portable eBeam receiver attaches to any standard whiteboard up to 8' x 4' (2.40m x 1.20m) in size
- eBeam sleeves accommodate standard dry erase markers
- Everything written on the whiteboard is automatically captured to your PC or Mac for further editing or distribution
- Mounting brackets for portable or permanent setup
- The eBeam software has unlimited user licenses
- Integrates seamlessly into your existing workflow
